**Covinax 258-00**  
**Freezer Grade PSA**

**Covinax 258-00** is a surfactant stabilized acrylic copolymer developed for use as a freezer grade pressure sensitive adhesive. It has extremely low glass transition temperature allowing it to adhere to frozen surfaces and its aggressive tack permits application through thin layers of moisture or frost. Covinax 258-00 can also be blended with other polymers to impart low temperature properties to those polymers or to develop products which are all temperature grades.

Covinax 258-00 is FDA compliant under: 21CFR 175.105, 21CFR 176.180, 16CFR 1500.3(C)(4),and 16CFR 1500.3(C)(2)(i).
